

# Giving Back.

As Jersey continues to tackle the challenges presented by the global Coronavirus pandemic, the Sure Community Foundation has been hard at work supporting several of the island's charities and not-for-profits in their efforts to help the community.

We understand the importance of supporting the local community and, with some charities relying solely on donations and unpaid volunteers, we try to support as many as possible.

The Sure Community Foundation in Jersey has made more than £30,000 in donations since its inception in 2016 and during the pandemic the Foundation has made a commitment to support additional local charities and help those that need it most. We're proud to be able to support local organisations with fund-raising and financial donations.

charitable support became more important than ever during the pandemic

## Christmas Treats

To provide an extra sparkle this Christmas, the Sure Foundation has donated Christmas selection boxes to Family Nursing & Home Care, Les Amis, Brighter Futures and Robin Ward. All of these fantastic organisations provide much needed relief across our Jersey community, which is why providing them with a sweet treat is the least we can do.

## Crucial donation to Brighter Futures

The Sure Community Foundation was pleased to donate 12 mobile phones to Brighter Futures' Keyworkers who provide round the clock support to families in Jersey facing significant challenges. The charity offers support alongside a number of free programmes and services to aid parents and carers. The donation of 12 new phones enables the charity to get one step closer to its aims.

## The Salvation Army

Christmas is a merry occasion but sometimes it's easy to forget many in Jersey aren't experiencing the same festive feeling. As such, we made a £1,000 donation to the Salvation Army in the form of a £500 cheque and a £500 donation which was spent on foodbank treats to bring some smiles over the celebration period.

## Acorn Enterprises

Acorn, who has been supporting the local community and helping islanders with disabilities since 1991, offers employment training and support for people with a range of disabilities and enduring health conditions and who might otherwise struggle to find employment.

## The Foundation was pleased to provide social enterprise and local charity Acorn Enterprises with a £2,000 donation

## November

Five employees from the Jersey office (Edmund O'Brien, Balvinder Bolla, Christopher Szulc, Michael Ovens and Eduardo Wilson) all took part in Movember and raised £155 for Men's Health. Movember is the leading charity changing the face of men's health on a global scale. By focusing on mental health and suicide prevention, prostate cancer and testicular cancer, the charity funds ground-breaking projects across the world to change the way men in need are treated and supported.
